# ROSS WARREN

#### EDUCATION

LIDUCATION	
DPhil (PhD) in Physics University of Oxford, UK	2020
Masters (MRes) in Plastic Electronics - Distinction Imperial College London, UK	2016
MSci (Hons) in Physics - First Class Imperial College London, UK	2013

#### RESEARCH EXPERIENCE AND SKILLS

## Postdoctoral Research Assistant in Physics

Jenny Nelson Group, Imperial College London, UK

March 2020 - present

- enny reison Group, imperiar Conege London, ere
  - Python: Kinetic Monte Carlo and tight-binding simulations using numpy, scipy and cython.
  - Writing: journal articles of successful results obtained during my PhD.

### Visiting Researcher in Chemical Engineering

Oct. 2019 - Jan 2020

Hitosugi Group, Tokyo Institute of Technology, Japan

# Graduate Researcher in Physics

2016 - 2020

Advanced Functional Materials and Devices Lab, University of Oxford, UK

- Expertise in: organic semiconductors, doping, transistors, photovoltaics, electrical measurements (IV, mobility, conductivity), spectroscopic techniques (PDS, EPR), structural characterision (GIWAXS).
- Python: modelling, data analysis, data visualisation and software for experimentation.
- Presentations: to research groups and at large international conferences.
- Teaching: tutor in analogue electronics. Senior demonstrator for the undergraduate electronics lab.
- Mentoring: undergraduate project developing software for performing lab experiments remotely.

### Undergraduate Research Assistant in Materials

2011 - 2012

Ecole Polytechnique Fédérale de Lausanne, Switzerland

### EXPERIENCE IN INDUSTRY

### Marine Field Geophysicist

2013 - 2015

Schlumberger, Canada and United States

- Data analysis: of large, noisy datasets. Signal processing techniques to improve signal-to-noise ratio.
- Bash: scripting to automate data analysis routines. My code got rolled out across several vessels.
- Team work: within a diverse geophysics group, presenting to and communicating with clients.

### Awards

International Exchange Scholarship	2019
Plastic Electronics Symposium Poster Award	2018
Hackathon Win - African Healthcare, Google Campus London	2017
